Student Profile

**Brandon Wojak '21 - William
Paterson University**

"Thank you again to the Bloomfield Educational Foundation for everything you do for all the students in the Bloomfield School system."

My first semester at William Paterson University is quickly coming to an end. I really liked it and am doing well in all my classes. One of the biggest adjustments, well besides the commuting and parking, is the independence I have. I no longer have teachers and counselors to rely on to keep me on track. This now all falls on me. I appreciate the freedom but it does come with added responsibilities of making and getting my work completed. Faculty at the college have been very helpful though. I am also extremely happy to be back to in-person classes although COVID still plays a major role in campus life. Strict mask and vaccine rules are enforced everywhere on campus. I found that the masks make meeting all new people, fellow students and faculty challenging. Trying to establish relationships in masks does not afford the same level of familiarity and can be restrictive when forming new friendships. Some classes still give virtual options on certain days but for the most part it is back to "normal".

I am looking forward to my next semester and the challenges it will bring.

Brandon is the 2021 winner of The Josph Poniatowski Beneficial Association scholarship.

**Seasons Greetings and Happy
Holidays!**

Thank you for your continued support.

The Bloomfield Educational Foundation would like to wish you and your family a wonderful holiday season and a safe and happy New Year. Thank you for all you do to help
